

NEW DWARF BUTTERFLY BUSH VARIETY!

Limited Supply at Bandera Road!

BUTTERFLY CANDY

Full sun

Mature size 2-3' tall x wide

Low water needs once established

Blooms spring through fall

Planting tips:

Water before planting

Dig hole 2 x wider than pot, but plant 1-2" above ground soil line

Backfill hole with soil and water deeply to settle. (Add more soil if needed.)

Apply 2-3" of mulch, but don't pile it up next to the stem.

Apply a balanced, slow-release fertilizer in spring

Prune in early spring (Feb) before the first bloom flush

DWARF BUTTERFLY BUSH

FULL-SIZED FLOWERS ON A COMPACT, DWARF FRAME.

PUGSTER SERIES

Limited Supply at Thousand Oaks!

Full sun (6 hours)/Part shade
Mature size 2' tall x 2.6' wide
Low water needs once established
Blooms summer through fall

The name "Pugster" comes from these plants' resemblance to a pug - short, stocky, and cute! There are five colorful varieties to choose from: Pugster Amethyst, Pugster Blue, Pugster Periwinkle, Pugster Pinker, and Pugster White, and we've got all of them.

Planting tips:

Water before planting
Dig hole 2 x wider than pot, but plant 1-2" above ground soil line
Backfill hole with soil and water deeply to settle. (Add more soil if needed.)
Apply 2-3" of mulch, but don't pile it up next to the stem.
Apply a balanced, slow-release fertilizer in spring
Prune in early spring (Feb) before the first bloom flush
